MAP and IMAP Policy Minimum Advertised Price Policy & Internet Minimum Advertised Price Policy

All *The Jojos Design* products MAP pricing is 20% below MSRP for both brick and mortar and online sales. MAP and MSRP prices are not a resale price maintenance agreement.

MAP pricing restricts the advertised price, not the final sale price and does not restrict brick and mortar in-store sales advertising, but rather the further reach of promotion and online advertising below MAP pricing.

The Jojos Design understands the value and level of service garden centers and small retailers provide. Due to omni-shopping across online platforms and brick and mortar retailers, this policy is designed to prevent “showrooming” at retail locations.

Return & Exchange Policy

7 day replacement of defective items, replacement items will be sent with return packaging.
